

It's a Miracle!

By Theresa Guttridge

I travelled to Brentwood from Cornwall to get a miracle for my back. I came with my husband Brian. We left Cornwall at 4 o'clock in the morning and drove for 5 ½ hours to get to Michael Reid Ministries in hope of getting a miracle. The journey was extremely painful.

I had a bad back due to a slipped disc. This was due to an accident I had nearly 18 years ago. I've seen the doctor and I'm on the waiting list to have a scan – but now they're going to tell me nothing's wrong!

Michael Reid came and prayed for me towards the end of the church service and God healed me. I can move and bend, even though I was in agony when we set out that morning. I couldn't sit comfortably because of the pain and inflammation.

I wasn't able to do my exercises because of the pain and now I can move freely. It's a miracle. I am so thrilled that God has healed me.
